§41-2804	3-JTS-3C-01		

The Arizona Department of Juvenile Corrections (ADJC) establishes behavioral management systems that provide structure to assist employees in developing and maintaining a therapeutic milieu for adjudicated juveniles. The ADJC Systems for Change provides employees with clear direction in terms of behavior management tools, treatment approaches, and educational expectations of adjudicated juveniles. The ADJC Systems for Change provides employees with the tools and framework to accomplish the agency's mission.

  
Michael D. Branham, Director
